# Chinese Bombers Raid Japanese Positions In Mass Dawn Attack

### JAPANESE FLYING FLEET STRIKES BEHIND CHAPEI LINES, WHILE GUNS POUND ENTRENCHED TROOPS

Shanghai, Aug. 16 (9.05 a.m.).

Well over thirty Chinese aeroplanes appeared in the sky soon after dawn to-day over the Japanese positions in Hongkew and became the immediate target for the Japanese anti-aircraft batteries which opened up a heavy fire.

The Chinese planes came from the north-and at 7.50 a.m. rained bombs upon the Japanese Naval Landing Party headquarters and other strategic points occupied by Japanese bluejackets in the northern districts.

After bombing for some minutes, the raiding fleet swung away in the direction of Woosung. It is believed it will attempt to prevent the landing of Japanese reinforcements which are understood to be coming ashore secretly from transports delayed by the typhoon weather during the past few days.—Reuter.

Shanghai, Aug. 16 (7.55 a.m.).

The Japanese began early to-day what appeared to be a combined offensive by land, sea and air. At dawn more than twenty Japanese machines bombed Lunghua and Hungjao aerodromes. The planes also dropped quantities of explosive on the Shanghai-Nanking and Shanghai-Hangchow railway lines, but with unknown results.

After their opening bombardment, the planes turned and made off in the direction of Woosung. Their attack had lasted about an hour.

While the war planes were bombing the Chinese rear, naval vessels down the Whangpoo and shore batteries opened a combined attack on the Chinese front line positions.—Reuter.

### LUNGHUA AIRPORT

### BOMBED

Shanghal, Aug. 16 (6.41 a.m.) Japanese aircraft began bombing the Lunghua area, in the vicility of the big Chinese aerodrome, at 6 a.m.

People on the roof of the American susanese aircraft from the direction of Hangehow swing over Lunghua where their comrades were already at work, dropping high explosives on the Chinese hangars. But the newcomers flew very high and did not participate in the attack. It is probable they were fighters out to protect the bombing machines.-United Press.

### REINFORCEMENTS

Shanghal, Aug. 16 (1.20 a.m.) It is estimated that 3,000 additional Japanese bluejackets landed in Shanghal yesterday.

It is estimated by the Japanese. themselves that about 10,000 bluejackets are now ashore in and near the Japanese sections of Hongkew and other parts of the International Settlement.

Heavy Army reinforcements are known to be near the mouth of the Yangtze River, awaiting an opportunity to land, possibly at Lluho. However, Chinese planes are watching closely with purpose of frustrating any attempt to land.— United Press.

Shanghai, Aug. 16 (6.31 a.m.). The ominous developments in Shanghai concluded with another day of intense aerial activity, but without Saturday's disastrous casualties. The Japanese claim mastery of the air, and their machines from the aircraft carrier which is lying in the Whangpoo River off Woosung, have bombed Nanking, among other places, and claim to have destroyed an aggregate of about 70 Chinese aircraft:

TRAGEDY

Shanghai, Aug. 16. (1.20 a.m.).

Madame Chiang Kai-shek has replied to the message sent her by Mrs. Eleanor Roosevelt, imploring that bombing attacks on Shanghai should cease, with an explanation of the accident which took such terrible toll among civilians Saturday.

"No-one deplores more than we the terribly tragic and accidental dropping of bombs from two damaged Northrup aeroplanes. The Generalissimo is shocked and grieved, and when news of the accident came to him he immediately 'ordered an investigation, since he had specifically ordered that no bombs should be dropped south of Soochow Creek.

"Flying officers reported that antiaircraft gunnery had wounded the pilots of both Chinese planes involved and had damaged their bomb racks. eventually. Both pilots concerned are in hospital in Shanghal. "It is incredible that the belief

### Ambassador's Defence

Washington, Aug. 15. Regret for the civilian fatalities suffered in the bombing of the International Settlement at Shanghai was expressed to-day by Mr. C. T. Wang, the Chinese Ambassador.

In a statement he gave the Press he expressed his regret that civilian lives should have been sacrificed in China's defence of democracy against the insatiable Japanese militarism. He added that the Chinese Govern-

ment had "deliberately refrained" from using aircraft since the Lukouchiao incident for fear of endangering the lives and properties of civilians. But Japan had repeatedly resorted to the use of aeroplanes, not only in bombing Chinese military positions and strategic places, but also in the wanton destruction of cultural and civic centres and innocent lives. Japan, he concluded, had recently and purposely, created another ineident in Shanghai with a view to repeating the 1932 hostilities, thus threatening the economic and finan-

### The Happy Medium

Do make your rooms "lived-in," friendly, and welcoming. We know what a difference flowers and a fire make to a room, but that is not enough. There is no excuse for dirt, collections of dust, unemptied ashtrays, and similar horrors, but there is a happy medium which makes for comfort and happiness.

Let your husband leave his pipes on the mantelpiece, and his slippers under his chair. Try not to be always tidying up, and making a fuss about things that are left lying about. ### HEAT ENERVATION!

Restore Your Blood and Nerves to good Condition with Dr. Williams' Pink Pills

and the Heat will not Worry you so.

Towards the end of a long, hot, tiring day, do you find yourself depressed, irritable, played-out? This condition is due to strain on the nerves, for during hot weather the blood becomes impoverished by excessive perspiration and consequently the nerves, which depend upon the blood for nourishment, become weak and "on edge."

To strengthen your nerves, and to enable you to stand the heat with a fainimum of discomfort, you should build up your blood, for which purpose there is nothing better than Dr. Williams' Pink Pills. Devised by a physician, an M.D. of Edinburgh University, who knew that in the condition of the blood lay the main factor in the preservation of health, these pills have for more than fifty years been

a world famous tonic for the blood and nerves. Not only for nerve troubles but other complaints, too, which arise from a weak depleted condition of the blood, such as indigestion, neurasthenia, rheumatism, lumbago, neuralgia, palpitation, dizziness, premature ageing, loss of energy and strength, Dr. Williams' Pink Pills good for men and women. Obtainable from chemists everywhere.

# BEST SELLING OCTOBER, 1930

British trade returns, issued last month show that in June was sold more goods overseas than in any month since October 1930. Total value of exports was £44,-373,000, an increase of £12,300,000, or 37 per cent. on June 1936.

From January to June this year exports are valued £251,214,000, an improvement of £43,323,000, or 20 per cent., on the same period last year.

Cotton is No. 1. Exports so far this year are worth £34,277,000, an increase of £4,700,000 on 1936. Iron and steel at £23,000,000 are up by more than £6,000,000. Machinery sales, at £23,000,000, are up £3,000,000. Even coal, long in the doldrums, has jumped £3,000,000 to £16,600,000, thanks mainly to Italy's reviving interest in South Wales.

Scotch whisky sales to the United States total £3,000,000, a jump of 50 per cent.

The increase in our imports is even greater. For June they were worth £88,116,000. an increase of £20,500,000 on June 1936, and the highest monthly purchase from overseas for more than seven and a half years.

In the first six months of 1937 Britain has bought from abroad goods worth £483,422,000, an increase of £80,000,000 on 1936. Raw materials account for £32,000,000 of the increase, manufactured goods for £28,000,000, and foodstuffs for nearly £20,000,000.

A 50-year-old English omnibus driver, Jack Scott, has walked from London to Capetown in South Africa —a distance of 15,000 miles—in three years and eight months. The picture above shows him passing "Big Ben", Westminster, on his return to London,

TAIKOO SUGAR REFINERY ROBBED OF METAL

【篇题》 A carefully thought-out plan to rob the Taikoo Sugar Refinery, of which the ringleader was a former employee and well familiar with the place, was related by Inspector A. Wright at the Central Magistracy on Saturday when Lam Kau, 28, coolle, and Chan Yau, 23, another coolle, appeared before Mr. W. Schofield.

The charges against the men were (a) Factory-breaking; to wit the dious office accommodation in P. & O. engine shop at Taikoo Sugar Refinery, and stealing 45 cattles of brass valued at about \$22, the property of Barkeley Engineers on August 4; (b) factory-breaking, to wit the storehouse at Talkoo Sugar Refinery, and stealing two blocks of tin and 12 these commercial houses will be sticks of solder valued at \$120, on closed to business temporarily.

### HOW TUBERCULOSIS CAN BE FOUGHT

Rangoon, like Hongkong, has

a tuberculosis problém, but, unlike this Colony, it is taking steps to see how best the scourge can be countered. A tuberculosis survey is shortly to commence, and it is hoped to discover from this investigation whether the prevalence of the disease is due to some particular social custom, habits of the people in matters of diet and general living, defective housing, or participation in any particular trade or industry. The deathrate in Rangoon from tüberculosis is about the same as in Hongkong, or slightly less; it has grown enormously in the past twenty years. Recently, medical man gave an illuminating address to the Rangoon Rotary Club on the subject of combating the disease, and some of the suggestions he put forward are worthy of note by the Hongkong authorities. One of the proposals was the creation of home hospitals, the object of which is to treat the family as a unit so that there need be no necessity to break up the home, due regard being paid to the question of accessibility, which is important from the workingman's point of view. Sufferers only in the incipient or quiescent stage of the disease would be taken into these centres, being housed in sanitary buildings at reduced rents and taught the principles of healthy living, especially in such matters as sleeping arrangements, the disinfection of sputum and sputum flasks, as well as other elemeninstruction. Residence would not be permanent, and at the end of allotted terms the tenants would be discharged. Such a scheme, it is contended could be made to a great extent self-supporting, as the residents would pay low rentals, and it would be capable of expansion without being a serious financial burden. This is suggested as only part of a bigger general scheme, which could be carried out in stages. Under this method, a start could be made by the provision of tuberculosis dispensaries; compulsory notification of pulmonary tuberculosis; and the creation of an antituberculosis organisation, which would engage in propaganda and render financial aid to families whose bread-winners are undergoing treatment. These measures, coupled with the provision of home hospitals, could, lit is contended, be put into force within a year. Then, it is sug-

THERE was a lot of interesting sport at the preliminary session of the A.A.A. Championships last night at the White City, but now and then things seemed to need moving a bit. Even the voice of the "mike" had its silent periods, and the spectators wondered what was happening.

### LAWN BOWLS LEAGUE Civil Service Defeat Recreio & Win Third Division Title CRAIGENGOWER INDIANS **CHECK**

In Saturday's programme of League Lawn Bowls were two important results and one interesting personal appearance.

In the Third Division, Civil Service, by beating the Club de Recreio at King's Park, won the Third Division championship, in the year of its inauguration. For this victory they had chiefly to thank M. N. Rakusen, whose rink beat J. M. S. Rozario's by 21 shots, the other two Civil Service rinks being down.

The Indian Recreation Club, starting the match with the knowledge that, if they won, the Second Division Shield was theirs, lost to Craigengower on the latter's green by the narrow margin of three shots. The Indians really lost the game on the 19th head when all three rinks went down to the tune of eleven shots. They now have to beat Kowloon Cricket Club to win the title, while Craigengower, their nearest rivals, have to meet the Club de Recreio twice,

The First Division fight is still on undecided. Craigengower, last year's champions, and the Club de Recreio, who are battling it out between them, both won although the Portuguese Club got home by only one shot against the Bowling Green.

An interesting appearance was that of Mr. Ezra Abraham, Vice-President of the Kowloon Cricket Club, who turned out for E. C. Fincher's rink in the First Division match against the Police. The rink tied 13-13 with G. Perkins' quartette. It is understood that Mr. Abraham, who acquitted himself very well, has played bowls less than half a dozen times before in his life and this was his first game for the Kowloon Cricket Club.

### ARMY STILL CHAMPIONS SWEENY'S GREAT SPRINT

(By Fred Dartnell)

London, July 22. I came away from Aldershot yesterday feeling rather sorry for the half-time. Royal Air Force, who had just failed to win the inter-Services athletic Dick; n try, and Trevothan, a championships. For 14 years the dropped goal and two penalty goals. Army have persistently carried off Willaims, a try, and White, a dropped the honours, but yesterday with the | goal, scored for the Springboks,last event of the day, the quarter- Reuter. mile, to be decided, the Airmen were lending the soldiers by 88 points, to 86.

Unfortunately for them, neither P. J. Halford (injured) nor D. M H. Craven could turn out, and although E. E. Lansdalq was recruited, in the circumstances he could not stem the conquering pace of the Army from J. E. Willoughby and J. Sheffield, who finished first and second in 50.6sec. The complete tally at the close was: Army 07 points, R.A.F. 94 points, Royal Navy

40 points. R.A.F. has a good send-off in the Furlong when A. W. Sweeney repeated his A.A.A. victory by winning

Sweeney's eclipsing quality was further shown in the 100 yards, in which he swept through at a terrifle pace and three watches timed him to Golf Singles; just break 9.8sec.

The official time was 9.7sec., which, in addition to beating his own Services' record of 9.9sec., equalled the British amateur record established and 4. by Eric Liddell 14 years ago.

TRACK REMEASURED A slight wind assisted the runners, but the ground after specially measuring was found to be correct, and I hope that Sweeney will get the reward of his magnificent running. Another record went by the board when R. H. Thomas, in winning the mile for the R.A.F., returned 4min. 22.2sec, to beat his own figures by 4-5sec. He had a foot to spare from his team colleague, P. B. Hennessey. In the three miles we saw a lack of seriousness in competition when F. H. Reeve, of the R.A.F., who had the race in his keeping and was leading by a dozen yards from his team mate, E. W. Harrison, almost stopped in his tracks to let Harrison win.

FINLAY'S BUSY DAY The time returned was 14min. 52.2sec., and the only other prominent man in the race was "Jack" Sutherland, the old warrlor, who could not quite hang on to the first pair. But if it had been a horserace I am sure the stewards would have been making a serious inquiry on the running of that last lap.

Don Finlay equalled his own Services record of 14.8sec. for the 120 hurdles, but he was not a success in ketry Target Rapid Firing at 300 the long and high jumps in which he | yards. The highest possible score in

In the Long Jump the Army pair, A Bisley target was used at 500 R. Walker, 22ft. 5 7-10in., carried off the honours and both beat Finlay's 30. record of 22ft. 23/4in., which Finlay himself just failed to repeat by quarter of an inch.

A new Services record was established for the Javelin when P. Blanking threw 180ft. 7in. for the

Graphic Pictures Of Rabaul Eruption

NEWS IN PHOTOGRAPHS

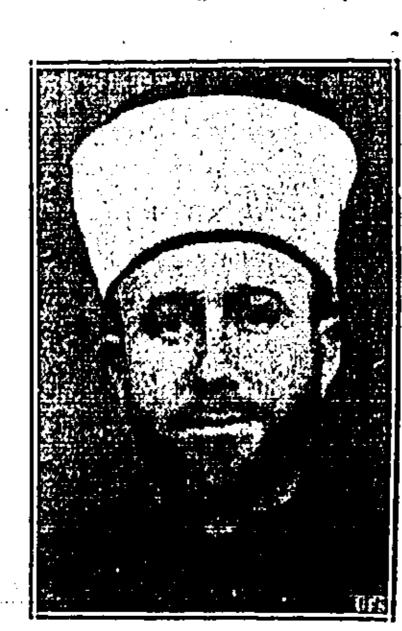

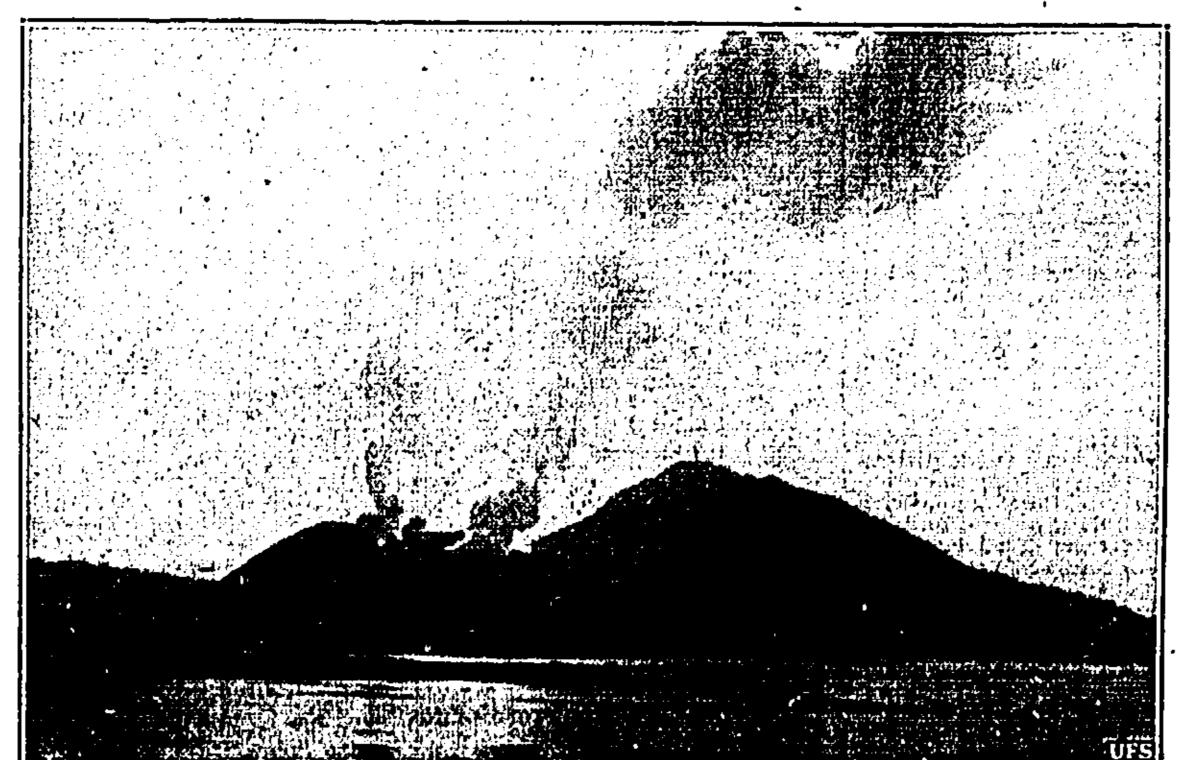

MAJESTIC BUT MENACING-Completely blotting out the sun, smoke and steam are shown rolling upward from the volcanoes that crupted recently near Rabaul, capital of New Britain Island, northeast of Australia. Hundreds fled the molten flood and smothering ash from the two volcanic outpourings, but 262 met horrible deaths in the disaster.

RESCUE, -- Driven from their homes by the eruption of two volcanoes, more than 700 refugees from Rabaul, New Britain Island, near Australia, scrambled aboard the American freighter Golden Bear and were saved, though 262 others perished. This picture was taken on the Golden Bear, showing the Montaro, which also aided in rescue work. Boats are seen bringing the refugees aboard, while the volcanoes crupt in

HORROR IN ITS GRANDEUR-Presenting nature's spectacular grandeur on a huge scale, here is a most unique picture of the two volcanoes in cruption near Rabaul, New Britain Island, northeast of Australia. The picture was taken at sunset from the freighter Golden Bear, which assisted in evacuating residents of the city. Despite rescue work, 262 persons were trapped in the molten lava and flying ashes, to succumb to deaths of horror. About 750 were rescued.

San Francisco, Cal.

As a result of the successful service of Pan American Airways Oriental nations are inaugurating facilitating faster airmail communications with all the nations of the western hemisphere, and especially of Latin America, according to airline officials here.

The net result of the programme now underway, it was declared, will) be to reduce the Pacific, from the standpoint of communications and commerce, to a comparatively small

An outstanding effort on the part of Oriental nations, it is stated, is to develop the opportunity in the existing service to South America, as well as new air routes to be established, to tie more closely the Latin American and Far Eastern markets.

The first of the Pacific nations to take advantage of the already existing service and to cooperate in the progress of speedler service between the Far East and Latin America, is the Philippines.

The Commonwealth Government has just announced a regular routing in the future of its airmail to South and Latin American countries through the San Francisco air gateway.

A bulletin recently issued by the Director of Posts at Manila announces the new airmall extension and fixes such typical rates as Manila-Argentina, \$1.57 per half ounce; Manila-Mexico, \$0.70 per half ounce the Latin American countries.

Philippine airmail under these new schedules, will be flown from Manila Honolulu, to San Francisco, thence in international air transport aboard Pan American planes for through flight to Mexico and Central, and South American countries,

However, new schedules are now being worked out by the Pan-American Airways which will reduce that time by at least one day for both mail and passengers as well as express.

Commencing July 15, sprvice was speeded up so that mail, passengers and express left San Francisco on a Tuesday afternoon, proceeded to domestic lines to Brownsville, Tex., vla Los Angeles and Dallas, was transhipped at that international gateway and arrived at the lecturer, sald to Hilde Marchant Buenos Aires on Sunday afternoon at 2.45 p.m.

With the continued development of other new lines in the Oriental countries which hook up with the Pan-American service, local air officials are confident that there will be rapid growth in relations of all kinds between the Far East and Latin America, and with San Francisco serving as the intermediary port between the

AIR CONTINUES TO BRITISHER WOUNDED ON PATROL DUTY NEAR NORTH STATION

(By John R. Morris)

Shanghai, Aug. 16.

Both China and Japan continued all yesterday to pour troops into the Shanghai area, where the opening of the war's greatest battle is expected in a few hours.

A reliable Chinese informant who has just returned from a visit behind the Chinese front lines, said fighting men in position at present totalled at least 70,000. About half of these arrived Sunday. The trains pulled in a few miles outside the North Station and each was unloaded in a few minutes, the soldiers hurrying into their positions and relieving the tired troops who had fought for over 48 hours against the Japanese.

Japanese sources estimate there are 10,000 Japanese bluejackets now ashore in the International Settlement, with strong Army. reinforcements only awaiting an opportunity to land. Planes are watching for the Japanese transports to frustrate a landing, it is known.

An official Chinese communique states the Nanking troops have captured the Japanese Navy Club. on Chungkung Road, in the Yangtsepoo area, following a bitter battle. The Japanese deaths were placed at 200, the Chinese at more than 20.

However, the Chinese and Japanese positions in Chapei and Hongkew are practically unchanged. Japanese are expecting a new assault this morning, but last night they took advantage of the lull to hunt snipers behind their own lines.—United Press.

### No Labour Now Available

Shipping news reveals a lack of accurate knowledge of the position in Shanghai, but the two most prominent local companies, Messrs. Jardine Matheson and Butterfield and Swire, assert that it is impossible to discharge cargo owing to a lack of labour at present, Both companies are omitting Woosung from their itineraries, but the position is liable to change at any moment according to the progress of the war.

The Happy Medium

Do make your rooms "lived-in," friendly, and welcoming. We know what a difference flowers and a fire make to a room, but that is not enough. There is no excuse for dirt, collections of dust, unemptied ashtrays, and similar horrors, but there is a happy medium which makes for comfort and happiness.

Restore Your Blood and Nerves to good Condition with

and the Heat will not Worry you so.

Towards the end of a long, hot, tiring day, do you find yourself depressed, irritable, played-out? This condition is due to strain on the nerves, for during hot weather the blood becomes impoverished by excessive perspiration and consequently the nerves, which depend upon the blood for nourishment, become weak and "on edge."

To strengthen your nerves, and to enable you to stand the heat with a minimum of discomfort, you should build up your blood, for which purpose there is nothing better than Dr. Williams' Pink Pills.

Devised by a physician, an M.D. of Edinburgh University, who knew that in the condition of the blood lay the main factor in the preservation of health, these pills have for more than fifty years been a world famous tonic for the blood and nerves.

Not only for nerve troubles but other complaints, too, which arise from a weak depleted condition of the blood, such as indigestion, neurasthenia, rheumatism, lumbago, neuralgia, palpitation, dizziness, premature ageing, loss of energy and strength, Dr. Williams' Pink Pills are just the treatment required. Try them yourself. They are equally good for men and women. Obtainable from chemists everywhere,

### More Judges Wanted: Delay Worse

"At least one extra judge is needed immediately in the Divorce Courts to tackle the present arrears. Unless the Lord Chancellor introduces speedy and drastic reforms there will be hopeless congestion and misery—especially to poor persons."

A lawyer with many years' experience of divorce delays and the unnecessary hardship they impose upon husbands and wives already embittered by unhappy marriages, made this indictment of the present state of the Law Courts when discussing with a reporter recently the inadequacy of the system.

## BEST SELLING MONTH SINCE OCTOBER, 1930

British trade returns, issued last month show that in June was sold more goods overseas than in any month since October 1930. Total value of exports was £44,-373,000, an increase of £12,300,000, or 37 per cent. on June 1936.

From January to June this year exports are valued £251,214,000, an improvement of £43,323,000, or 20 per cent., on the same period last year.

Cotton is No. 1. Exports so far this year are worth £84,277,000, an increase of £4,700,000 on 1936. Iron and steel at £23,000,000 are up by more than £6,000,000. Machinery sales, at £23,000,000, are up £3,000,000. Even coal, long in the doldrums, has jumped £3,000,000 to £16,600,000, thanks mainly to Italy's reviving interest in South Wales.

Scotch whisky sales to the United States total £3,000,000, a jump of 50 per cent.

The increase in our imports is even greater. For June they were worth £88,116,000, an increase of £20,500,000 on June 1936, and the highest monthly purchase from overseas for more than seven and a half years.

In the first six months of 1937 Britain has bought from abroad goods worth £483,422,000, an increase of £80,000,000 on 1936. Raw materials account for £32,000,000 of the increase, manufactured goods for £28,000,000, and foodstuffs for nearly. £20,000,000.

A 50-year-old English omnibus driver, Jack Scott, has walked from London to Capetown in South Africa—a distance of 15,000 miles—in three years and eight months. The picture above shows him passing "Big Ben", Westminster, on his return to London.

### OUR GUIDE TO THE CINEMAS

"Good Old Soak" (King's Theatre, to-day) .- Wallace Beery in yet another of his "lovable rascal" protraits. Beery can interpret these parts to perfection and never fails to "get across". It is an entertaining film, though dull when Beery is not before the camera. Tennis followers will find the film by Fred Perry highly instructive.

"There Goes My Girl" (Queen's Theatre, to-day).—Happy-go-lucky picture which gives Gene Raymond and Ann Sothern opportunities for revealing their talents as purveyors of light comedy. The story and theme is flimsy, but the film has a definite appeal and never lags for action.

"You Can't Beat Love" (Alhambra Theatre, to-day) .- Preston Foster here reveals himself as an accomplished actor, though one suspects that we have yet to see him at his best. Nevertheless he scores with a very neat piece of work in this amusing film, and leaves one pleasantly satisfied. Added attraction is the Louis v. Braddock fight. That K.O. blow was a corker!

"Private Detective 62" (Majestle Theatre, to-day),---William Powell returns, to dabble in crime and mystery, but he seems to miss his partner Miss Myrna Loy. Nevertheless he is clever enough to make the film enjoyable. His screen personality never fails to interest,

"Stage Struck" (Oriental Theatre, to-day) .- First-rate back stage show with tuneful melodies, smart dancing, good wiscerneks and a modicum of neat straight acting. Feature players include Dick Powell, Joan Blondell, Warren William, Frank McHugh, and the Yacht Club Boys,

"Step Lively Jeeves" (Star Theatre, to-day) .- Arthur Treacher in a P. G. Wodehouse study of his famous manservant Jeeves. Clever and amusing, with splendid supporting

(Continued from Page 6.)

Here in Hungary no woman can dare to be seen in public places of Manila office: We have no women's clubs, and want to lose her reputation she will never be seen lunching or dining without her husband.

The English husband gives all possible freedom to his wife. He looks upon her as a friend as well as a lover.

The Hungarian Thusband regards his wife not as a separate individual but more as his private property. Maybe we are more beloved and courted, but wee to the woman who wants to be free or independent. Everyone dreams of an island of

### HOW TUBERCULOSIS CAN BE FOUGHT

Rangoon, like Hongkong, has a tuberculosis problem, but, unlike this Colony, it is taking steps to see how best the scourge can be countered. A tuberculosis survey is shortly to commence, and it is hoped to discover from this investigation whether the prevalence of the disease is due to some particular social custom, habits of the people in matters of diet and general living, defective housing, or participation in any particular trade or industry. The deathrate in Rangoon from tuberculosis is about the same as in Hongkong, or slightly less; it has grown enormously in the past twenty years. Recently, medical man gave an illuminating address to the Rangoon Rotary Club on the subject of combating the disease, and some of the suggestions he put forward are worthy of note by the Hongkong authorities. One of the proposals was the creation of home hospitals, the object of which is to treat the family as a unit so that there need be no necessity to break up the home, due regard being paid to the question of accessibility, which is important from the workingman's point of view. Sufferers only in the incipient or quiescent stage of the disease would be taken into these centres, being housed in sanitary buildings at reduced rents and taught the principles of healthy living, especially in such matters as sleeping arrangements, the dis- |infection of sputum and sputum flasks, as well as other elemeninstruction. Residencé would not be permanent, and at the end of allotted terms the tenants would be discharged. Such a scheme, it is contended, could be made to a great extent self-supporting, as the residents would pay low rentals, and it would be capable of expansion without being a serious financial

burden. This is suggested as

only part of a bigger general

scheme, which could be carried

out in stages. Under this method, a start could be made by

### 17 Half-Milers Inside Standard Time!

(By Fred Dartnell)

London, July 22. THERE was a lot of interesting sport at the preliminary session of the A.A.A. Championships last night at the White City, but now and then things seemed to need moving a bit. Even the voice of the "mike" had its silent periods, and the spectators wondered what was happening.

One of the most impressive features; self with a quiet constitutional, as of the furlong running apart from you might say. Sweeney's easy triumph in his two the fastest heat of the day-21.9sec. first three, but the race is "in the bag"

The latter eased up in | to-day. his heat, which was won by the Greek, C. Mantikas, a not very graceful hurdler. My tip for the final is Barnes, with Brown second and the Greek third.

The half-milers did some very good preliminary worming up, as you can well imagine when I tell you that no fewer than seventeen of the competitors got inside the sandard time of 1 min. 59 sec.! The holder, Powell, returned 1min. 57.1 sec. to beat the Belgian Verhnert, but A. J. Collyer, winner of an amazing southern final at Brighton the other week, had the best time of the evening, 1 min. 56.5 two miles walk—his sixth consecusees, and he probably had to thank live triumph in this event. ### FARR SAYS £500 ON HIMSELF

(By TREVOR WIGNALL)

New York, July 22. Tommy Farr unnounces that he is willing to bet £500 on himself to beat Joe Louis for the world's heavyweight championship at the Yankee Stadium on August 26.

He also states that he won a bet of that amount when he defeated Neusel.

Farr has every reason to be pleased with the welcome accorded him. The majority of writers comment on his talking capabilities, and although none concedes 'him more than an outside chance with Louis, all are more than usually generous in their references.

### LAWN BOWLS LEAGUE Civil Service Defeat Recreio & Win Third Division Title

CRAIGENGOWER

In Saturday's programme of League Lawn Bowls were two important results and one interesting personal appearance.

**CHECK** 

**INDIANS** 

In the Third Division, Civil Service, by beating the Club de Recreio at King's Park, won the Third Division championship, in the year of its inauguration. For this victory they had chiefly to thank M. N. Rakusen, whose rink beat J. M. S. Rozario's by 21 shots, the other two Civil Service rinks being down.

The Indian Recreation Club, starting the match with the knowledge that, if they won, the Second Division Shield was theirs, lost to Craigengower on the Intter's green by the narrow margin of three shots. The Indians really lost the game on the 19th head when all three rinks went down to the tune of eleven shots. They now have to beat Kowloon Cricket Club to win the title, while Craigengower, their nearest rivals, have to meet the Club de Recreio twice.

The First Division fight is still on undecided. Craigengower, last year's champions, and the Club de Recreio, who are battling it out between them, both won although the Portuguese Club got home by only one shot against the Bowling Green.

An interesting appearance was that of Mr. Ezra Abraham, Vice-President of the Kowloon Cricket Club, who turned out for E. C. Fincher's rink in the First Division match against the Police. The rink tied 13-13 with G. Perkins' quartette. It is understood that Mr. Abraham, who acquitted himself very well, has played bowls less than half a dozen times before in his life and this was his first game for the Kowloon Cricket Club.

### ARMY STILL CHAMPIONS SWEENY'S GREAT SPRINT

(By Fred Dartnell)

London, July 22. I came away from Aldershot yesterday feeling rather sorry for the Royal Air Force, who had just failed to win the inter-Services athletic championships. For 14 years the Army have persistently carried off the honours, but yesterday with the last event of the day, the quartermile, to be decided, the Airmen were leading the soldlers by 88 points to 86.

Unfortunately for them, neither P. J. Halford (injured) nor D. M. H. Craven could turn out, and although E. E. Lansdale was recruited, in the circumstances he could not stem the conquering pace of the Army from J. E. Willoughby and J. Sheffield, who finished first and second in 50.6sec. The complete 40 points.

R.A.F. has a good send-off in the Furlong when A. W. Sweeney repented his A.A.A. victory by winning In 22.8sec.

Sweeney's eclipsing quality was further shown in the 100 yards, in which he swept through at a terrifle pace and three watches timed him to just brenk 9.8sec.

The official time was 9.7sec., which, in addition to beating his own Services' record of 9.9sec., equalled the British amateur record established by Eric Liddell 14 years ago.

TRACK REMEASURED A slight wind assisted the runners, but the ground after specially measuring was found to be correct, and I hope that Sweeney will get the reward of his magnificent running. Another record went by the board

when R. H. Thomas, in winning the mile for the R.A.F., returned 4min. 22.2sec, to beat his own figures by 4-5sec. He had a foot to spare from his team colleague, P. B. Hennessey. In the three miles we saw a lack of seriousness in competition when F. H. Reeve, of the R.A.F., who had the race in his keeping and was leading by a dozen yards from his team mate, E. W. Harrison, almost stopped in his tracks to let Harri-

FINLAY'S BUSY DAY The time returned was 14min. 52.2sec., and the only other prominent man in the race was "Jack" Sutherland, the old warrior, who could not quite hang on to the first pair. But if it had been a horserace I am sure the stewards would have been making a serious inquiry on the running of that last lap.

Don Finlay equalled his own Services record of 14.8sec, for the 120 hurdles, but he was not a success in the long and high jumps in which he took part.

In the Long Jump the Army pair, A. F. M. Palmer, 22ft. 6 9-10in., and R. Walker, 22ft. 5 7-10in., carried off the honours and both beat Finlay's record of 22ft. 254in., which Finlay himself just failed to repeat by quarter of an inch.

A new Services record was established for the Javelin when P. Blanking threw 180ft. 7in. for the

### ALL BLACKS WIN Beat South Africa In Rugger International

Wellington, N. Z., Aug. 14. Fifty thousand people saw New Zealand bent South Africa by 13 points to seven in an International Rugby match here to-day. Showery weather and slippery conditions added to the thrills for the spectators.

The All Blacks were superior in all phases of the game and, despite losing their wing three-quarter early on, had established a lend of 0-3 at half-time.

The scorers for New Zealand were Dick, a try, and Trevathan, a dropped goal and two penalty goals. Willalms, a try, and White, a dropped goal, scored for the Springboks,-

### Now Plenty Of Vaccine

### Inoculation Lasts Six Months

The Medical Department issued a statement this morning making it quite clear that the Kennedy Town Hospital has been closed. It has not been closed because it is full-there are no cholera cases there now-but because it is desirable to centralise treatment in the Government Civil Hospital, now re-opened and devoted solely to cholera cases.

Ample supplies of cholera vaccine are still available, it is learned, Government having a good supply re-maining of the consignment received from Shanghai and having secured some locally from the Bacteriological Department. Shanghai has also promised to send more.

To clear up public misunderstanding on the effectiveness of the inoculations, the Medical Department. explains that the one injection given at the public centres is sufficient to provide immunity for six months. There has been a feeling that two injections were necessary, but this, the Department states, is not so.

Later, the Department added that sufficient supplies of vaccine were in hand to last at least three weeks at full speed. More have just been received from America.

There were 134 cholera cases in hospital yesterday and twenty people have since dled. The sufferers are

### Six Casualties

The third air raid, which occurred noon, turned out to be another dog-fight with more serious results. Three Japanese and three Chinese planes were shot down.

At 9.30 yesterday morning, a group of 14 Japanese machines, including six heavy bombers and eight pursuit planes, launched an attack on Nanchang, capital of Klangsl province. The raiders dropped ten bombs, killing six non-combatants, damaging one motor car warehouse.
